

# WORKS NOTIFICATION New Eurobodalla Regional Hospital

July 2024

Dear neighbour,

## **RE: Eurobodalla Regional Hospital – Notice of Potential Noise Impacts**

Following our recent correspondence about the start of work at the Eurobodalla Regional Hospital site, we are notifying you of upcoming civil work that may impact your property with noise.

In accordance with our statutory requirements, we are required to anticipate and inform residents when construction activities may reach more than 10 decibels above background levels.

Over the coming months, earthmoving and excavation machinery will be operating in the northern part of the site, likely resulting in increased noise levels above the 10-decibel threshold.

At this stage, we do not anticipate using rock hammers or other loud drilling equipment for the works, which would trigger higher noise controls. We will notify you if there are any changes to this.

The civil works will take place from July 2024 to December 2024.

Our work times will be between 7.00am and 6.00pm from Monday to Friday and 8.00am to 1.00pm on Saturday. We will let you know in advance of any changes to these days and times.

We appreciate you may have questions or need further information about this work, and encourage you to contact the Health Infrastructure project team on **1300 391 949** or via email at **[HI-EurobodallaHospital@health.nsw.gov.au](mailto:HI-EurobodallaHospital@health.nsw.gov.au)**.

We recognise building new infrastructure can impact nearby residents and the community and apologise in advance for any inconvenience caused by this work.

Yours sincerely,  
Eurobodalla Regional Hospital Project Team
